Personal Statement: _____

Volunteering with our organization does not require a background in history. We welcome a variety of commitments—from as little as two hours per week as a Visitor Center Host, to a single shift at a Village Event, or engagement in specific projects such as Oral History Interviewing, administrative duties, research, and more. We value your interest in supporting our mission and do not require a forty-hour weekly commitment; your enthusiasm and willingness to help are what matter most.
